

We are a family business with a long history, recently taken over by the fifth generation. Our single estate vineyard in McLaren Vale is uniquely high and cool. The old vines and more recent plantings all produce exceptional fruit that's healthy and balanced – the wines are fresh and bright, but with complexity and depth; layered, just like the site on which they grow. Our vines are our family and our wines have been recognised for more than 40 years.

HUGO Sauvignon Blanc 2022

Single vineyard Sauvignon Blanc from an established vineyard in Mount Torrens. This wine is fresh and crisp with tropical and citrus characters yet also showing layers of complexity with weight and texture.

Tasting Note Tropical flavours following through on the palate to include passionfruit, citrus lemon & lime and finish with a refreshing acidity

Vintage The region's mild summer and warm autumn resulted in a gentle and slow ripening period and delayed harvest, producing outstanding fruit. While it was a wet La Niña-influenced year for other parts of Australia, McLaren Vale's vineyards received below average rainfall. Wines tended to show a high natural acidity.

Vineyard Single vineyard Sauvignon Blanc from an established vineyard in Mount Torrens.

Winemaking Fruit was picked in the cool hours of the night and crushed early morning. Fermented cool to preserve fruit purity and delicacy. Bottled middle of May to capture citrus characters and wine's natural freshness.

Serve Crispy skinned salmon with a fennel, orange and walnut salad, crème fraîche or yoghurt.
